12DVC Assessment Statement 2021

Year: 12

Course: Design and Visual Communication

Total Credits: 17

You will be set an architecturally based design brief to produce a full design portfolio and an architectural scaled model to present your solution. This will involve researching your design brief and producing a range of concepts evaluated against the specification. You will then develop the chosen concept through to a final solution. Following this, you will design a product for the architectural outcome. Level 2 Design and Visual communication requires thorough written analysis, evaluation and justification throughout the portfolio.

Entry requirements: 14 credits in Level 1 Design and Visual Communication. Cost \$40

Year: 12

Course: Product Design

Total Credits: 20

The course is a product design course which also offers a pathway to Level 3 Product Design or Level 3 Trade related courses (eg. Building Construction). It involves the designing and making of practical outcomes which address identified design problems. Students in product design will be encouraged to work in a range of materials and to produce high quality outcomes which will involve the students making a final design product developed through trialing, testing and evaluation. The final outcomes will reflect the nature of the issue being resolved but it could be an item of furniture, toys and games or a project to solve an issue identified by the students (eg. A piece of recreational equipment, involvement in the electric car competition or solving a practical problem identified by a member of the college community).

12TES Assessment Statement 2021

Year: 12

Course: Soft Materials Technology

Total Credits: 21

The course is to develop your technical skills and problem solving techniques through technological practice. You will also have the opportunity to attend a workshop to progress practical skills, visit fabric stores, and interact with clothing manufacturers in New Zealand and Asia. A day trip to the World of Wearable arts is scheduled for this year. The initial cost is \$30 which covers the cost of equipment and notions used during practical work. You will need to pay for the fabric you want to use and the trips to workshops and fabric stores.
