## Market Day 2021 photos inside! *Ra Pakihi 2021 whakaahua o roto!*

### **Ka Korero Te Tumuaki Tumuaki** **The Acting Principal speaks:**

Wow – what a busy term we’ve had thus far! We started the term with the launch of the Healthy School Lunches and it has been a pleasure to enjoy the success of the programme roll out. There have been minimal teething problems and the suppliers have been quick to rectify or change up the menu based on feedback received.

The students have enjoyed the menu that is being supplied to them on an eight-day roll-around basis. A positive spin-off of the programme is that students seem more settled after the meal and this should result in improved academic achievement as well. We will only be able to gauge that actual effects of the lunches towards the end of the term.

We ran our first Parent Teacher evening for the year on 6 May. Thanks to the parents who took the opportunity to meet their child’s teachers to get feedback on their progress during Term One. Remember, teachers are available via email if you wish to receive an update on how your son/daughter is doing during the term. Email addresses can be located on the school’s website at [www.tuakaucollege.com](http://www.tuakaucollege.com)

Our Year 7 and 8 students ran their bi-annual Market Day on Friday, 14 May. What a roaring success this Market Day was, with great support from the community! The money raised from the Market Day has gone towards the cost of the new Adventure Confidence Course that has been erected next to the Administration block. I need to acknowledge the work done by our Year 7 and 8 teachers who were instrumental in making this afternoon a success.

CONTINUED INSIDE . . .

## The Acting Principal speaks continued. . .

### *I korero tonu te Tumuaki Tumuaki. . .*

We were fortunate enough to get the new Confidence Course erected within one week and had the official blessing by our Kaumatua, Mr Miki Graham on Wednesday, 12 May. Students were taken through a full risk analysis during the Physical Education periods, prior to the confidence course being opened. We would like to stress that this is not a playground and careless use of the equipment can result in serious injury. We therefore ask all users to adhere to safety requirements for using the course. Signage has been erected to advise users of these safety requirement.

We are pleased to announce that we have received an additional grant that will allow us to erect the second part of the confidence course.

During Week Three, we placed a huge focus on bullying by being part of NZ Bully-Free Week. Students were spoken to at assembly about bullying and the effects of it. They also learnt about it in some of their classes. Part of the Bully-Free Week was getting Mike King, New Zealander of the Year 2019 and a NZ Mental Health advocate to offer up his time to present to approximately 200 members of our Tuakau Community. His presentation on Tuesday 18 May was well received by all who attended.

As part of Bully-Free Week we also took part in Pink Shirt Day to take a stand against bullying. It was great to see the staff decked out in the pink shirts with most wearing the official pink shirt with the slogan – Speak Up, Stand Together, Stop Bullying – Kōrero Mai, Kōrero Atu, Mauri Tū, Mauri Ora. We appeal to all of our community to take a stand against bullying and to speak up when they witness it.

A focus of this term is to ensure that students are in class, learning. In order for that to occur, we need to stress that school starts at 9:00am on a Monday, Tuesday, Thursday and Friday and at 9:10am on a Wednesday. Students who continually arrive late will incur consequences, so to avoid the consequence for lateness, students need to be on time to school. Being on time has a significant impact on the learning outcomes experienced by your child each day.

Finally, on a sad note, we farewelled an ex-staff member on 18 May. Mr Warren Riwai passed away on Monday, 10 May after a short illness. Mr Riwai is survived by his wife, Mrs Meg Riwai, also an ex-staff member, and a large extended whānau. Mr Riwai was a big part of our Tuakau College whānau and we will miss him dearly. Our thoughts are with Meg as she comes to terms with losing her husband and best friend. RIP Warren.

Ngaa Mihi Kia Koutou, *Mr Ashley Jacobs*

## PINK SHIRT DAY 2021 Ra Shirt Mawhero 2021

**Pink Shirt Day 2021 was officially held on Friday 21 May and Tuakau College had a Pink Shirt Mufti Day for it on Thursday 20 May.** It was great to see so many of our students wearing pink and getting behind the cause of raising awareness as part of anti-bullying week New Zealand.

# Market Day 2021

## Ra Maakete 2021

**Earlier in May our Year 7&8 entrepreneurs showcased their abilities at the 2021 Market Day!** It was great to see such a wide range of skills on display with market stalls for products, food, creative talent, plants and more! All funds raised on the day have gone towards Stage 2 of the Confidence Course at Tuakau College.

Market Day is held every second year and Year 7&8 students prepare a product and business plans before presenting it to the 'Dragons Den' panel of judges to decide if their business is worthy of Market Day or not.

The Market Day is open to the public community and local schools and it was awesome to see so many parents, caregivers, family members and more come down to support our students! Well done to all that were involved!

# VAPING

**Vaping is the act of heating a liquid, then inhaling and exhaling an aerosol (often referred to as vapour) from an electronic vaporiser device.** Sounds basic, right? Well, not so much.

Principals are alarmed at the growing number of students who vape, with one saying children as young as 13 are using the cigarette substitutes. Teachers are confiscating more and more vaping devices, which can be as small as a USB pen drive and are hard to detect.

The aerosol or 'vapour' that is produced from these devices is created through heating a 'juice' or e-liquid inside a cartridge within the device. The 'juice' generally contains a propylene glycol or vegetable glycerine base, and also usually contains flavourings (many juices also have nicotine). Once heated, this juice is transformed into an aerosol which is inhaled from the device then exhaled, giving the appearance of smoke or 'vape clouds'.

These come in many forms such as e-cigs, vape pens, pods, pipes, and tanks (also known as 'mods' which can be customised by the user). Scientists, doctors, and the vaping industry are still learning about the health effects of vaping.

This means that there's still a lot that we don't know about vaping, and the risk to your health. **Smoking cigarettes was considered 'safe' in the 50's, and look how that turned out.** Essentially, the long-term effects are still largely unknown, but here's what we know so far:

## 1 INHALING THE UNKNOWN

E-cigarette and vaping aerosol generally contain fewer harmful chemicals than the smoke from traditional tobacco cigarettes. However, some e-cigarette aerosols contain tiny particles that reach deep into the lungs. These particles may have chemicals in them that irritate the lungs. Over time, these chemicals can potentially cause cancer, increase inflammation in the lung and lead to other lung diseases. Young people are especially at risk. Putting weird unknown chemicals into your body at this stage is even worse than it is for adults, because you're still developing. We know there are physical effects from smoking as a teen, so who knows how vaping as a teenager could affect your body?

## 2 HAZARDOUS CHEMICALS

The liquids in vapes, by the way, can sometimes burn skin just through contact. They can also rapidly cause nicotine poisoning if swallowed. Now, you're probably not going to drink it, but a baby brother or sister might, and it could literally (yes, LITERALLY) kill them. Vape devices also, if modified incorrectly, can explode. Yes it's happened, and it's not pretty.

## 3 E-CIGARETTE, OR VAPING PRODUCT USE ASSOCIATED LUNG INJURY (EVALI)

Vape use has been linked to severe lung disease (EVALI) that has led to hospitalisations in more than 2500 people across the United States, with over 60 reported deaths. Some cases of EVALI included teenagers and young adults using vapes that contained cannabis (tetrahydrocannabinol, THC) or Vitamin E oil. The highest risk seemed to be from vapes obtained from the illicit market. Vaping, and second hand vape, can also impact on other respiratory conditions such as asthma, and have been found to increase coughing and worsen asthma symptoms, especially among young people.

## 4 VAPING AND YOUR HEART

Vaping and e-cigarettes can raise your blood pressure, heart rate, and can change your heart's function.

At Tuakau College, vaping is treated the same as smoking (including on school buses). The consequences are therefore as follows:

- First offence: After School Detention
- Second offence: Meeting with Parents and After School Detention
- Third offence: Community Service
- Fourth offence: Treated as Continual Disobedience and therefore a stand-down

**Heavy  
metal  
belongs in  
your ears,  
not your  
lungs**

**#DONTGETSUCKEDIN**

**Have you been sucked in? Find out at [dontgetsucked.in.co.nz](https://dontgetsucked.in.co.nz)**

## MIKE KING PRESENTATION

### *Whakaaturanga Mike King*

**On Tuesday 18 May we were lucky enough to have Mike King present at our school again.** The evening presentation was open to everyone in the community and all ages. It was great to see so many come along to hear his message.

Mike King was named the New Zealander of the Year in 2019 and was appointed as an Officer of the NZ Order of Merit for Services to mental health prevention and suicide prevention. He spoke to our students, parents/caregivers and the community about mental health and ways to approach the subject better and cope with it.

For Mike's resources you can visit: <https://www.iamhope.org.nz/resources>

## WHARE VOLLEYBALL COMPETITION RESULTS

### *Nga Whakataetae Whakataetae Poirewa Whare*

**This month we held our first Whare Volleyball Competition where students competed in their whaanau houses to try win some more house points!** After a tough battle between all our Whaanau Houses the finals were between Tane Mahuta and Tangaroa. Congratulations to Tane Mahuta who were named the winners after the final, with a score of 37-25.

Ruaumoko and Tawhirimatea battled it out for 3rd and 4th place, with the final score being 38-28 to Ruaumoko! Well done to all the students that got involved and we look forward to the next Whare Competition soon!

## CONFIDENCE COURSE OFFICIAL OPENING

### *Whakatuwhera Mana Tuwhera Akoranga*

**We held the official opening of Stage 1 of our new Confidence Course on Wednesday 12 May!** A huge thank you to Miki Graham who officially blessed the Confidence Course before a few students demonstrated how to safely use it. We are still fundraising for Stage 2.

A huge thank you to the following organisations/people who funded Stage 1 of the Confidence Course: NZCT (New Zealand Community Trust), The Playground People Ltd, Tuakau College PTA, Tuakau College Student Council and the Tuakau College Board of Trustees. For full photos of the official opening, check out the Tuakau College Facebook page!

## EX-STUDENT, ANARU, FIRST INTERN APPOINTED TO CLNZ BOARD

### *Ko te tauira o mua, ko Anaru, he akonga tuatahi ki te Poari CLNZ*

**Congratulations to Anaru Tuhi, an ex-student of Tuakau College, who recently became the first intern to be appointed to the CLNZ (Copyright Licensing New Zealand) Board.** The process for appointing CLNZ's first intern to the Board attracted over 60 applications from young people who are keen to take their first step into governance. In creating the intern position, CLNZ is looking to provide a governance learning opportunity, and to encourage fresh and dynamic perspectives in the Board's discussions and the company's strategic direction.

Anaru Tuhi

Anaru (Ngāpuhi Waikato-Tainui) will join the Board in May 2021 for an initial two-year term. Anaru is a Corporate Relations Partner at Spark New Zealand where he is leading a variety of communications strategies and bringing diversity of thought to key decisions. He is also an Auckland committee board member of FLINT – Future Leaders in Tech.

"As with our director appointments, we used a skills framework for the intern position and sought someone who will contribute to the Board's understanding of te ao Māori and/or Pasifika peoples. In addition to his knowledge of te ao Māori, Anaru's experience in corporate communications and new technology rollouts, will provide valuable insights for CLNZ's delivery of its Strategy."

Graduating from The University of Waikato with a Bachelors in Communication Studies in 2016 he is also an Auckland committee board member of FLINT – Future Leaders in Tech.

## SCIENCE ROADSHOW VISITS TUAKAU COLLEGE

### *Haere ki te kareti Tuakau a Science Roadshow*

Earlier in May, the Science Roadshow visited our school and our Junior classes enjoyed learning more about Science in the world around them, along with other local schools! The Roadshow provides quality interactive learning experiences in Science, Technology and Innovation and has been doing so continuously since the first Science Roadshow 'hit the road' in 1988. It included live shows, hands-on exhibits and teacher resources that broaden student knowledge and experience!

## YEAR 13 OUTDOOR EDUCATION FIVE DAY TRAMP

### *Tau 13 Matauranga o-waho e rima nga ra takatakahia*

Our Year 13 Outdoor Education students completed a five day tramp around Lake Tarawera last week! This included over 60km of walking as part of a 15 credit assessment!

Check out the awesome video of the tramp that Mere, one of our Year 13 students, put together on the Tuakau College Instagram page or Tuakau College Facebook page!

# Performing Arts

## FEATURE

### A word from Mr. Mitchell (Head of Performing Arts Department):

Tēnā koutou katoa,

My name is Anthony Mitchell, the new Head of Performing Arts here at Tuakau College! This is my fifth year teaching, with my first years in the profession spent at Rosehill College (where I went to school myself) and Saint Kentigern College. Two very different schools that have helped to shape the teacher that I am today.

For those unfamiliar with Drama as a subject, it is a vital part of a well-rounded high school education. On the surface we are learning about acting for the stage, but the learning in the classroom goes much deeper than that.

I am helping students to be more confident and comfortable speaking in front of others, teaching them how to work in collaboration with others and how to think creatively. These are such important life skills for students to learn and internalise, as they are vital for their futures, no matter what path your child may be on.

I have really enjoyed my time teaching our ākonga in the Junior and Middle school about Drama and acting. I hope that when they come home they are telling you about all the new skills they are learning, the confidence they are gaining and the fun that we are all having along the way. There is some very promising talent that walks through my door every day and I cannot wait to see them continue their journey in the subject. I hope they are as excited as I am to expand Drama into the Senior curriculum and pursue the subject as an NCEA option.

While we establish the curriculum side of Drama, we will be looking to expand out into co-curricular pursuits such as Theatresports (competitive improvised theatre) and the Shielah Winn Shakespeare Festival. While a school production is on the distant horizon, it will require some time and patience to reach that goal, but it is one we are all excited to see come to fruition.

When I am not at school, I will either be rehearsing for my own productions as an actor and director or watching a game of basketball! I preach to my students that a range of interest is important to experience all that life has to offer, and I am no different myself.

I look forward to meeting more of the wider Tuakau College whaanau and hope we can create a Department that makes our community proud.

Ngā mihi nui,

*Mr Anthony Mitchell*

#### VISION:

Tuakau College prepares students for life through a quality education promoting excellence in all things.

#### STRATEGIC GOALS: TUAKAU COLLEGE WILL:

Maximize opportunities for student achievement.

Lead development in local education in a continuously changing world.

Be the heart of the community where everyone wants to be.

#### EXCELLENCE Tino pai rawa

Pai rawa atu i nga mea katoa.  
The very best in all things.

#### PERSEVERANCE U tonutanga

Kaua e mate wheke mate ururoa.  
Don't give up like an octopus but fight like a hammerhead shark.

#### INTEGRITY Ngakau Tapatahi

Kaua e takahia te mana o te tangata.  
Do not trample on the mana of the people.

#### CARING • LOVE • RESPECT Manaaki • Aroha • Whakaute

He aha te mea nui. Maku e ki atu. He tangata he tangata. He tangata. What is the greatest thing? It's people, it's people, it's people.

## A word from Mrs. Hucker (Head of SENCO/Te Whare Ako):

**Te Whare Ako is the new and rejuvenated area of the school which now occupies the rooms opposite the tennis courts on the Buckland Road entrance.** It has been quite a change in environment from the old Te Whaanau building.

We have also gained extra staffing with the merge of Teaching Assistants and the addition of an Assistant SENCO, Mrs Shirley Scott, who also teaches in the Science Department.

While our main aim is to address the moderate learning needs within the school, we particularly focus on the additional needs of individual students.

In addition to the Learning aspect we also provide a wellness area for all students to access. This was established last year through the generosity and support of The Mind Health Project and Ministry funding. This is proving to be an asset to the school.

We are also a member of the Guidance team within Tuakau College and work within a team environment for the benefit of all our students. Housed also within our walls is the ESOL Department.

*Mrs Hucker*

ESOL means "English for Speakers of Other Languages." Our ESOL teacher is Mrs Lang. She formally assesses oral language, reading and writing ability twice a year to gain the present level of English Language attainment and their 'next steps' to improve.

Our ESOL programme is based on helping students with their school subjects and most importantly the "English Language Learning Progressions." This is an English language programme for school students who do not have English as their first language, from the New Zealand Ministry of Education, and it is widely used in schools throughout New Zealand. We focus on three different levels of ability and students move through the levels as their English skills improve and their confidence increases.

**Continued on next page...**

# Teaching Assistants – Quotes/Anecdotes that make our day:

I have been a Teaching Assistant for many years at Tuakau College. Listening and supporting the students is part of the work I enjoy.

Everyday is different, so I never know what to expect when I walk into a classroom.

I find the students are appreciative of any assistance they receive.

The opportunity to work with students to assist them to achieve their own personal success!

"Have you seen my glasses?"  
"On your head Miss."

Favourite sentences I hear:

"I UNDERSTAND IT NOW!"

"YESSSS I've got it!"

These are the rewarding moments of our role.

"I like you Miss – you're cool – even though you're old!" (Gee thanks haha!)

One day student A came to sit beside me and we started working. He completed a lot whilst sitting with me (I am helping of course). His friend arrives to class late and disrupts him and wants Student A to sit with him but student A turns to him and tells him "no, I'm sitting with Miss and she is helping me with my work." The friend kept on asking and I turned to Student A and told him "you're a good boy for putting your education first and this is why I am in your class to help you." He replies "I know Miss, I'm thankful to have you in our class to help me."

It was an awesome moment. This day he got all his work done and did not need to do the rest for home work. He was stoked as well as his teacher! I have many moments with our students like this - next thing they're tracking me down to go to their classes! I say to these boys "I have my timetable I have to stick by, the teacher will help you!"

"You don't have to be the best - but try your best."

Your funding application has been approved!

A reflection from one of our rule breakers whom I bumped into down the road:

He told me that he has a great job with a digger company. After this he said, "thanks for always believing in me when others gave up. I know I was not easy to work with, as I spent more time out of class or late than in."

He said it was good I was still at Tuakau College and gave a smile, a little wave and left.

"Miss do you have a pen I can use please?"  
"Where's yours?"  
"Forgot it."  
"Did you forget your phone?"  
Mmmm thought not- here you go!

"Yay, you're in our class today!"

"I wish you were in every class we had."

The greetings I receive each morning.

**SVA  
SERVICE  
AWARD**

**Congratulations to Bharavi Dutt and Anica Dutt who have earned their Member and Bronze pins!**

This award is a free nationwide framework that recognises volunteering efforts of Year 9 to 13 students. Students are awarded a pin for initial volunteering hours before logging additional efforts online. To register under Tuakau College visit <https://service.sva.org.nz/>

**TUAKAU COLLEGE**
**Pai rawa atu i nga mea katoa | The very best in all things**

# SCHOOL UNIFORM

<b>Blouse</b>	Year 7-10 Regulation Junior blouse. Year 11-13 Regulation Senior blouse.
<b>Shirt</b>	Year 7-10 Regulation Junior Shirt. Year 11-13 Regulation Senior Shirt.
<b>Jersey</b>	Regulation school jersey (optional).
<b>Skirt</b>	Regulation knee or ankle length skirt.
<b>Shorts</b>	Regulation school shorts. Waistband must be above hips. Hems must be above or on the knee. Belts may be black.
<b>Trousers (Dress Uniform - Optional)</b>	Regulation school trousers. Waistband must be above hips. To be worn with shoes and black socks. No sandals to be worn with long trousers.
<b>Jackets</b>	Regulation softshell jacket (optional).
<b>Blazer (Dress Uniform)</b>	Regulation blazer (optional).
<b>Socks/Stockings</b>	Calf length plain black socks or plain (not ribbed or patterned), black stockings may be worn.
<b>Footwear</b>	Plain black shoes. <u>Terms 1 &amp; 4 only:</u> Plain black, flat sandals with straps over heel, worn as designed and in a neat and tidy condition. No socks to be worn with sandals. For Health & Safety reasons, covered shoes MUST always be worn in Technology rooms and sometimes in Science practical's.
<b>PE/House Activity Uniform</b>	Regulation T-shirt in house colour, worn with plain black shorts.
<b>Tie (Dress Uniform)</b>	Regulation school tie (optional).

<b>Jewellery</b>	<b>NO</b> jewellery to be worn other than the following: plain ear studs or plain sleeper earrings (Maximum of 2 per ear. Sleepers must be a maximum of 12mm in diameter and be able to rotate 360 degrees through the ear), a wrist watch; one necklace of cultural, religious or personal significance; Medic-Alert bracelets. <b>NO</b> facial piercings or ear lobe expanders/stretchers. Maximum size for spacers is 1cm. <i>The College takes no responsibility for confiscated jewellery. Any confiscated items must be collected by parents from the Deans office.</i>
<b>School Cap (optional)</b>	Plain black cap or hat ( <b>NO</b> writing or brands and <b>NO</b> beanies) may be worn outside only for sun protection. Cap peaks to be worn to the front only.
<b>Scarf (optional)</b>	Plain black scarf.
<b>Hair</b>	Students' hair must be clean and tidy at all times. <b>NO</b> extremes of fashion acceptable. Dyed hair must be of a natural colour that someone could be born with. Boys must be clean shaven at all times. All students with long hair will be required to tie it back in classes where health and/or safety is an issue e.g. Technology classes.
<b>Under Garments</b>	Plain undergarments may be worn. They must not be visible through the school shirt, below the length of the skirt or below the sleeves.
<b>Sunglasses</b>	Sunglasses may be worn outside only and are the responsibility of the student. Sunglasses are not permitted to be worn on the head in class.
<b>Nail Varnish</b>	Clear, transparent or natural colours only. <b>NO</b> solid colours permitted.
<b>Make Up</b>	<b>NO</b> obvious makeup permitted.
<b>Tattoos</b>	The tattooing of young people of school age is strongly discouraged, however they may be accepted on students over 16 years old and should be limited to a significantly appropriate tattoo. If a student has an inappropriate tattoo it must be covered. Unacceptable tattoos include, but are not limited to; drugs, alcohol, gang affiliations, death and sexually explicit.

## UNIFORM IS AVAILABLE FROM The Uniform Shoppe and SAS Sport

Located at 7 A, Glasgow Road, Pukekohe.
